

Class trip to Edinburgh, Scotland

This year the advanced courses of English and History accompanied by Ms. Kellermann and Mr. Eichhorn went for a class trip to the capital of Scotland, Edinburgh, from May 28th to June 3rd.

On the first day after the arrival we visited the famous castle of Edinburgh, which allowed us to overview the city of Edinburgh due to the ridge the castle was build on. In the evening we went to the 'Ceilidh Club', where we were amused by some traditional Scottish music and dancing. On Wednesday we started a 'Highland Tour', which led us through the most beautiful places of Scotland and even let us visit 'Loch Ness'. On Thursday, the English course got the opportunity to listen to a 'First Minister's Question Time' in the Scottish Parliament.

On Friday we went to the underground of Edinburgh on a tour through the 'Mary King's Close', a long abandoned back alley where the 'new' city of Edinburgh was built on top. Maybe the strangest place we visited on our journey.

Throughout the trip the students were given a lot of free time, which allowed them have their own experiences and strengthen their English skills.
